Remarks

Have you dreamt of having a spa experience in your home? Welcome home, you have found it! This well-maintained home boasts so many updates and tons of features. The entire home has been repainted and wood floors on the main level were just refinished last week. The main floor has a great open concept, pella windows throughout the entire home. The windows have blinds in them, you will never need to buy window treatments again. Lower-level features include: a spacious second family room for entertaining, and a room with attached full bathroom that could be used as a bedroom or office. Unlike most split levels, this home also includes a basement! The basement is partially finished and could be used as living space, as well. The second level has a custom Primary Bedroom with attached bathroom. This bedroom is a MUST SEE! Seller spared no expense creating a, spa feel. Amazing jacuzzi tub and state of the art steam shower in the Primary suite. You will never want to leave your room. The backyard is a cozy oasis with brick paver patio area. Whole house generac generator will help during all the power outages! Dreamy garage for anyone who likes to spend their days working in it. Workshon and heated inside. This home is 17 houses away from the park and a few blocks to 11
